ProSolve Blue Centrefeed Paper Roll - Technical Data Sheet

Product Code: PVBCFPR6

Pack Size: Pack of 6 Rolls

Product Description

ProSolve Blue Centrefeed Paper Roll is a highly absorbent 2-ply wiping roll designed for general cleaning, spill control and surface wiping in commercial, industrial and domestic environments. The blue recycled paper construction makes it suitable for regular cleaning tasks, including kitchen, workshop, warehouse, washroom and site use. The centrefeed format allows the rolls to be used in compatible dispensers or as a portable wiping roll where a dispenser is not required.

Applications

- Commercial and domestic kitchens
- Catering and food preparation environments
- Workshops and warehouses
- Washrooms and welfare facilities
- General cleaning and wiping tasks
- Spill control and surface drying
- Use with compatible centrefeed dispensers

Features & Benefits

- 2-ply construction for improved absorbency
- Blue paper for easy identification in cleaning environments
- Suitable for wiping surfaces and soaking up spills
- Helps resist ripping and tearing when used with cleaning products
- Centrefeed design for dispenser use or portable cleaning
- Made from recycled paper
- 600 sheets per roll
- Pack of 6 rolls for cost-effective stock holding

Directions for Use

Use directly from the roll or load into a compatible centrefeed dispenser. Tear off sheets as required and use for wiping, drying, cleaning or spill absorption. When used with cleaning chemicals, follow the instructions supplied with the cleaning product. Dispose of used paper responsibly after use.

Typical Technical Data

Product Type: Blue centrefeed paper roll

Material: Recycled paper

Construction: 2-ply

Colour: Blue

Roll Length: 150m

Sheets Per Roll: 600 sheets

Sheet Size: 220mm x 165mm

Pack Quantity: 6 rolls

Format: Centrefeed roll

Product Code: PVBCFPR6

Storage

Store in a clean, dry and well-ventilated area. Keep packaging closed until required. Protect from moisture, contamination, direct heat and sources of ignition. Store away from chemicals that may cause damage, tainting or contamination.

Limitations

Not intended for direct food contact unless confirmed by the relevant product certification or supplier documentation. Performance may vary depending on the liquid, cleaning chemical, surface type and amount of pressure applied. Wet paper may lose strength if oversaturated.

Health & Safety

This product is not classified as hazardous based on the supplied information. Use good hygiene practice when handling used paper, particularly after contact with cleaning chemicals, grease, dirt or spillages. Dispose of contaminated paper in accordance with site procedures and local waste requirements.

Packaging

Pack of 6 rolls

Product Code: PVBCFPR6

Roll Length: 150m

Sheets Per Roll: 600
