*Cable O.D. 1-3/4" to 3" (44.5 - 76.2 mm)*

The 1800SS Series Semi-Con Scorers have adjustable blade depth with a locking set screw for scoring (scribing) the semi-conductive shield of high-voltage cable so the semi-con can be removed without nicking or damaging the cable insulation.

#### Features

- Square, and spiral cut
- Scores (scribes) semi-con without damage to insulation
- Adjustable blade depth (.001" - .100")
- Coil springs maintain constant pressure during operation
