

Insulated Combination Pliers

boddingtonselectrical
Sicame Group

Application:

- The Combination Pliers feature a serrated jaw to ensure a solid grip as well as having an integrated cutter for versatility, enabling you to cut or strip soft wire. The soft grip handles have been ergonomically shaped to provide comfort and control, as well as providing maximum leverage.

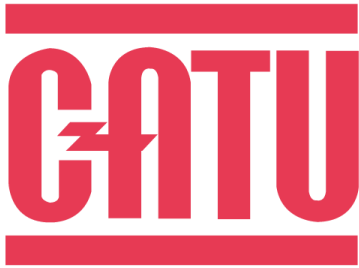

Features:

- Blades for hard and soft wire
- Long cutting edges for thicker cables
- Inductively tempered blades
- Cutting power approx. 60 HRC
- Made of specially tempered tool steel
- Suitable for gripping flat and round material
- Orange insulation via a dipping process
- Permanent laser marking to stop fading throughout the lifetime of the product via wear and tear.
- Each product has a batch number for traceability
- Insulated according to IEC 60900:2018, usable up to 1000 V AC/1500 V DC
