MOQ

10pcs

ISO9001Accredited

Mobra Chamber Frame JUF/2 is designed for use in cable chambers, supporting joints and termination boxes within standard joint box setups.

Its adjustable width, ranging from 220mm to 300mm, allows for flexibility during installation and ensures a secure fit in various chamber types.

Manufactured in galvanised steel, the JUF/2 frame resists corrosion, maintaining its structural integrity even in damp or underground environments. It is typically used in conjunction with Mobra arms and no-drill chamber brackets to create a complete cable support system.

BC BARTON INTERNATIONAL - MANUFACTURING CAPABILITIES

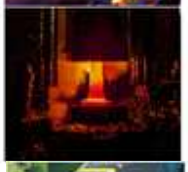

CNC Metal Stamping

Metal Folding

CNC Milling

Screws and Fasteners

Hot Forging

Drop Forging

Steel Formwork

Aluminium Extrusion

CNC Metal Punching

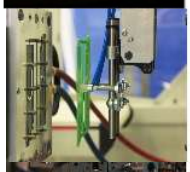

Metal Laser Cutting

Metal Welding & Assembly

Aluminium Formwork

Expendable Mold Casting

Permanent Mold Casting

Plastic Injection Moulding

Rubber Moulding

PROVIDING THE COMPLETE METALWORK SOLUTION

Supplying medium to high volume precision manufactured products. Utilising a diverse range of metal manufacturing capabilities. Available in a wide range of high-performance aluminum, stainless steel, copper, bronze, nickel, and mild steel materials.
