50pcs

ISO9001Accredited

Ring Polehead Dropwire is a galvanised steel 240mm ring x 16mm diameter bolt fitted to wooden poles, often referenced as a transmission pole, telephone pole, telecommunication pole, power pole, hydro pole, telegraph pole, or telegraph post.

It is used for the distribution of cables from the top of poles and enables maintenance engineers to improve cable management on congested poles, due to the larger size of the polehead ring.

BC BARTON INTERNATIONAL - MANUFACTURING CAPABILITIES

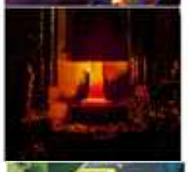

CNC Metal Stamping

Metal Folding

CNC Milling

Screws and Fasteners

Hot Forging

Drop Forging

Steel Formwork

Aluminium Extrusion

CNC Metal Punching

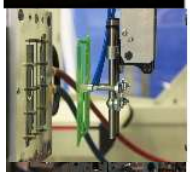

Metal Laser Cutting

Metal Welding & Assembly

Aluminium Formwork

Expendable Mold Casting

Permanent Mold Casting

Plastic Injection Moulding

Rubber Moulding

PROVIDING THE COMPLETE METALWORK SOLUTION

Supplying medium to high volume precision manufactured products. Utilising a diverse range of metal manufacturing capabilities. Available in a wide range of high-performance aluminum, stainless steel, copper, bronze, nickel, and mild steel materials.
