10pcs

ISO9001Accredited

Mobra Chamber Mounting Arm Short is a durable telescopic pivot arm designed for use with the Mobra small chamber bracket JUF/2.

It provides a secure and adjustable mounting point for housing and protecting fibre connections within underground chambers or aerial network setups.

With a standing height of 450mm and a closed length of 630mm, the short arm allows for flexible positioning and easy access during installation or maintenance. Its telescopic function gives engineers the ability to align the arm to suit specific fixing points, enhancing usability across a wide range of network environments.

BC BARTON INTERNATIONAL - MANUFACTURING CAPABILITIES

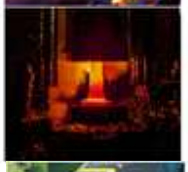

CNC Metal Stamping

Metal Folding

CNC Milling

Screws and Fasteners

Hot Forging

Drop Forging

Steel Formwork

Aluminium Extrusion

CNC Metal Punching

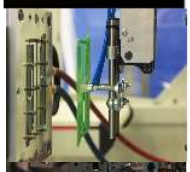

Metal Laser Cutting

Metal Welding & Assembly

Aluminium Formwork

Expendable Mold Casting

Permanent Mold Casting

Plastic Injection Moulding

Rubber Moulding

PROVIDING THE COMPLETE METALWORK SOLUTION

Supplying medium to high volume precision manufactured products. Utilising a diverse range of metal manufacturing capabilities. Available in a wide range of high-performance aluminum, stainless steel, copper, bronze, nickel, and mild steel materials.
